On the login screen, enter your credentials that you used in the beginning to log in. After that, you will be taken to the Welcome Screen as shown below. Read through the welcome message and click "Next".

Step 6: Select Organization Type

On this page, select your organization type. For most of you, this should be “Manufacturer”. However, if you feel that you are a researcher or workforce organization, you can select that here. If you are unsure, select “Manufacturer” for now and then you can change it to a different entity later if needed.

The screenshot shows the 'Select Organization Type' page of the CONNEX marketplace. On the left is a sidebar with a navigation menu containing four items: '1 Welcome', '2 Organization type' (which is highlighted with a blue bar), '3 Organization overview', and '4 Next steps'. The main content area has a heading 'Let's get started by identifying your type of organization' with a help icon. Below this is a sub-heading: 'If multiple options apply to your organization, select the one that is most appropriate.' There are three selection cards: 'Manufacturer' (with a factory icon and a mouse cursor pointing at it), 'Research & Development' (with a microscope icon), and 'Workforce' (with a book icon). Each card includes a brief description of the organization type. At the bottom right are 'BACK' and 'NEXT' buttons.

Step 7: Enter Your Basic Organization Information

Enter some basic information about your company such as your name, website etc. As you enter this information, the system will search through 140K records to identify potential matches. If it finds a match, you will want to claim that profile, rather than create a new one. However, pay special attention to the potential match as it may be a company with a similar name in another state etc. You'll want to make sure you are selecting the right match.
